WISE OWLS SUMMER HOLIDAY CLUB 2024

Junior Club

Children ages 3-6 years love our Junior Club because they have the freedom to explore a wide range of activities to suit all interests. Our qualified childcare practitioners thoughtfully plan activities and trips that are not only fun, but help young children develop essential skills.

Discovery Club

Children ages 7-14 years go on a daily journey of discovery, pushing their personal limits using critical thinking skills in group challenges, to building new friendships and challenging themselves physically with new experiences.

Wise Owls Holiday Clubs are always action packed and children return time and time again because they have so much fun in a safe, relaxed environment with their friends. It is our main priority that every child in our care feels happy, safe and has an enjoyable day with us.

We are so excited to launch our summer holiday club programme. Our summer timetable has been thoughtfully planned by our qualified childcare practitioners to be age appropriate and provide diverse experiences. Each day, children can choose to take part in a wide variety of sports and physical activities like basketball, football, skipping, bouldering, bench ball and more, as well as a wide selection of activities such as arts and crafts, baking, group games and some really exciting trips. We are off to play some mini golf at Braywick Adventure Golf and then onto the Braywick Nature Reserve for another bug hunt. Back at the club we will finish off the day with some den building in the playground.
- **WEDNESDAY:** There will be a game of British Bulldogs to get us warmed up for a trip to Braywick Park running track for some races and to get fit on the outdoor gym. There will be a sticky science experiment and we will make reptiles out of clay and paint them unique colours. In the afternoon we will make our own spider webs using paper plates, wool and glitter, and we will finish off the day with a game of Hide & Seek.
- **THURSDAY:** Today is all about our slimy and scaly creatures, with a visit from the very popular Reptile Man. We will get to hold snakes, lizards and turtles and learn about many different reptiles. We will kick off the day with a game of football, followed by a fun with some sensory activities using green spaghetti. We will do a dancing worm science experiment and play bug charades after making our own spider pizzas. To end the day, we will go on a manhunt in the playground.
- **FRIDAY:** Today we will have a fun obstacle course challenge in the morning followed by making peg crocodiles and free-range collaging. We are off to Kidwell's Park today for a picnic, group games and time on the playground. Back at the club, we will make bug stones and bake butterfly cakes.
- **EVERY DAY:** Each day, Discovery children have the freedom to take part in a variety of sport and physical activities like basketball, football, skipping, bouldering and bench ball, as well as enjoy a range of free-time activities including board games, colouring in, Lego competitions, group games, and a wide selection of arts and crafts materials to choose from and enjoy at their own leisure. We have a pool table and a foosball table, and a chill out zone for those just wanting to read books or magazines, do some scrapbooking or make something out of the wide range of materials available.

Please note: While we do plan to visit the park every day, this is weather dependent.

WISE OWLS HOLIDAY CLUB

GET READY FOR ACTION?

Our Wise Owls Clubs are all about making life easier for parents and exciting for children!

Our club is a fun & familiar home away from home - without the tech! Our dedicated staff are compassionate carers to all the children in our care; fostering a supportive and inclusive atmosphere where children are free to be themselves.

We offer a safe space to play, explore and grow. A place where children laugh out loud every day. We have a wide variety of thoughtfully planned activities tailored to excite, challenge and motivate children aged 3 to 14 and to suit all interests.

Our approach is child-led, so while we will provide encouragement, we respect each child's choices and support them in the activities they choose to participate in. We are passionate about promoting well-being and believe every child should enjoy play and physical activity outdoors every day.

DROP OFF & COLLECTION

The fun begins at 8:30am and ends at 5:30pm. Upon arrival, children will be grouped by age and will have some free playtime at the start of the day to explore the array of activities on offer. Once all the children have arrived, we will get to know each other, explain the programme for the day, and discuss housekeeping matters. If you plan to pick your child up early, please let staff know in advance as we may be at the local park! Kindly make sure to pick up your child before the club closes.

WHAT TO WEAR / WHAT TO BRING

Come dressed ready for action and be comfortable! At Wise Owls, we love to spend time outdoors, so during the colder months, please make sure you wear something warm and bring a coat and woolly hat (clearly labelled). Wear suitable footwear for running around, climbing over play equipment, walking (in particular for outings) and in winter, getting muddy. In spring and summer, please ensure you have a hat. We often get messy, so a change of clothes is always a good idea! Please bring a labelled water bottle every day.

MEALS & NUTRITION

You can pre-order a daily meal at the point of booking or your child can bring a packed meal. Pre-ordered meals will consist of a healthy morning snack, and a two-course meal served for lunch at 12pm and for tea at 4pm. At least one hot meal is provided each day, often two depending on the daily programme. We aim to provide children with a healthy, balanced diet. If your child is bringing a packed lunch, please provide enough food to keep them well nourished for a long & active day (including a morning snack, lunch and tea) *We operate a nut free environment, so please do not bring any products containing nuts.

WHAT ACTIVITIES WILL YOUR CHILD DO AT CLUB?

Our approach to activities is child-led so children have the choice which activities they want to take part in during the course of the day (with the exception of outings). We offer a diverse range of activities to cater to all interests and your child will have the freedom to select which activities they wish to participate in. While we will provide encouragement, we respect their choices and won't force them to engage in activities they are not keen on.

KEEPING YOUR CHILD SAFE

Our team comprises of many skilled and experienced childcare professionals. All team members have undergone DBS checks, while our first aiders have received paediatric first aid training. We always maintain regulation staff-to-child ratios to guarantee appropriate supervision of your child. When we leave base camp to discover new and exciting activities, we increase our staff-to-child ratios and risk assess all excursions.

PHONES & ELECTRONICS

Our club is a technology free zone! Yay! Believe it or not, the children LOVE IT! Please do not send your child to club with an electronic device. If you do, it will be kept in their bag and we cannot guarantee the security of the device.
